SkateABLE

ADAPTIVE ICE  
SKATING

## SkateABLE™ Waterloo

SkateABLE™ is Canada's only high-quality adaptive ice skating program for children with physical and developmental disabilities.

Our program is developmentally appropriate for children with a wide variety of challenges including: cerebral palsy, spina bifida, spinal cord injury, muscle weakness, as well as autism, down syndrome, learning disabilities, and other developmental delays.

All adaptive equipment is provided free of charge.

Registration for SkateABLE™ Waterloo is available now at [www.skateable.ca](http://www.skateable.ca)
