## SEAC Updates

### Waterloo Region District School Board - Special Education Advisory Update

*Submitted by Carmen Sutherland, WRFN Representative*

Board Staff came to talk about digital citizenship. Sections on the WRDSB website talk about how digital citizenship is supported at school, how parents can talk to their kids about digital citizenship and other important information.

EQAO Results (Special Education): Our Board is generally improving but below the province, except Grade 6 math, Grade 9 applied and academic math, and the Ontario Secondary School Literacy Test where the Board is ahead.

WRDSB Safe Caring and Inclusive School Survey Update: Will tabulate and share findings soon, used new survey, Middle Years Development Instrument

Culturally Responsive and Relevant Pedagogy: The key to this is to make sure that teachers respond to each student on an individual basis, and to reduce their bias.

OHRC: Accessible Education for Students with Disabilities: Reviewed Section 8 about which aspects we thought most important to review in the future.

Kris Pryke gave an update on Equity and Inclusion committee-great diversity, a lot of talk about privilege  
Special Education Updates: Government has halted all programs so no Pro Grants, SEAC will support a letter advocating for Pro Grants to the federal government

The next SEAC meeting is Wednesday, December 12 at 7p.m. at the Education Centre, 51 Ardel Avenue, Kitchener N2C 2R5.

### Waterloo Catholic District School Board - Special Education Advisory Update

*Submitted by Sue Simpson*

#### Board Report PPM 161:

The importance to develop and maintain a policy or policies to support students/staff in school with medical conditions to ensure consistent expectations with respect to management, care and emergency procedures was addressed.

Plans of Care will be developed for all medical conditions including anaphylaxis, asthma, Type 1/Type 2 diabetes, epilepsy-seizure disorder, concussion, heart conditions, etc. They will be available electronically to school personnel and procedural plans of action will be posted in student classrooms where it has been identified that medical interventions may be required.

#### Community Living Presentation:

Tracey Fuschino, Community Transition Support Officer, presented to the committee on Transition Planning. Transition Planning is about participation in community life as a valued member of society. It's also about preparing to leave school and doing things in the community that all adults do.

In her role, Tracey familiarizes parents, special education teachers and students with the transition planning process providing detailed information about the range of services and programs in our community to support the students transition and how to access those services.

#### Trustee Update:

Trustees provided an update on the following.

- Renewed Math Strategy
- Information Technology Services Summer Projects
- Learning Commons Transformation Project
- Student Success – Intermediate

The next SEAC meeting will be on Wednesday, December 5, 2018, at 6:30pm at 35 Weber St. W, Kitchener.

## 'Tis the season...for Sharing & Giving PLEASE DONATE TODAY!!!

With the holiday season upon us and the warm and fuzzy feelings of family and gratitude that accompany it, we are thankful for those who make a difference in the lives of WRFN families.

This year we decided to revisit our roots as a reminder of why WRFN was originally needed and created. As one of WRFN's five founding parents, I would like to share my family's story with you while highlighting two of our current core programs.

### Meet Kevin

He was born prematurely 29 years ago weighing just 2 pounds, 1 ounce. Kevin was missing pieces of his lungs and was hooked up to every machine imaginable.

And then... the ventilator blew holes in his lungs. There were more complications. For every step forward, Kevin took two steps back. He remained in hospital, 65 kms away from our family in the ICU for the first two years of his young life. During that time, Kevin underwent five surgeries while my husband and I struggled to navigate the hospital system.

And then... Kevin came home with an entirely new system of care for us to learn about. Our home looked like a mini ICU with a stream of professionals coming and going, daily. My husband and I, and our older son, were grateful but felt isolated and alone.

For years, we wondered if there were other families traveling the same uncertain journey. And, if so, how could we meet them?

Twenty-Nine years ago there was no Waterloo Region Family Network. But, today, we are here for families when life takes an unexpected turn.

Parents benefit from our Parent Mentor Program where they are directly connected 1:1 with a volunteer parent mentor – someone who gets it and can truly understand their grief – the life they wanted for their child and the dreams they had, stolen.

Families are also directly supported by Erin, our Family Resource Coach, who provides personal guidance to each family she meets helping them to understand supports and service available to them and how to access them. The need for this role and support is increasing every day.

Erin has already supported 225 new families this year in addition to those already supported through our network. It's necessary to ensure that we continue to meet this growing need.

We could not provide these, and other programs, for families without your support. That's why we are asking for your help this year. Your donation, today, will be matched by two friends of WRFN who have once again generously committed to matching the first \$15,000 raised in our campaign.

For your convenience, you can donate online at

<https://www.canadahelps.org/en/charities/waterloo-region-family-network/campaign/2018-annual-appeal/>

Our network has already helped over 1700 families connect to vital resources in our community as well as to each other. But, we know there are many more out there who need us.

We ask that you please share this letter with a friend and help us reach our goal of \$45,000.

Together, we can make sure that no family is ever alone!

With gratitude and warm wishes for the holiday season!

Sue Simpson

Executive Director

## WRFN E.D. Recognized for Leadership

On November 19, Sue Simpson, our Executive Director, was presented with the 2018 Tribute Award for Leadership at the Empowered Kids Ontario (formerly known as OACRS) Annual Conference in Toronto.

For over 27 years, Sue has drawn on her own challenges and experiences to enhance the resiliency of her family, to share her perspective for the benefit of other families and to challenge service providers to never lose sight of the reason why they exist – to build children, youth, adults and families up so they can live their best lives.

Sue has been a driving force behind WRFN since its beginning, establishing strong and innovative relationships with school boards and many other agencies that provide supports to community members with special needs. Partnerships are a hallmark of the manner in which Sue works and leads with grace and day-by-day determination to do what needs to be done. The family is at the centre of any decisions Sue makes on behalf of WRFN.

Through Sue's leadership and clearly articulated positions, she has shifted mindsets and opened dialogues within and across the children and youth sector. She willingly shares insights and is a respected, trusted and powerful voice and advisor locally and across the province.

Sue is committed wholeheartedly to being a leader and change-maker in the quality of life for those with special needs. She has clearly indicated positive change, inspiring others as she works toward continuous improvement for the lives of people with disabilities.

Please join us in congratulating Sue on this much-deserved recognition and honour.

## Autism in High School

“[Autism in High School](#)” is a web-based guide to help students with Autism Spectrum Disorder and their families as they navigate the transitions and common challenges of high school. This website was developed as a joint initiative between Extend-A-Family, Waterloo Region Family Network, members of the former Autism Services Waterloo Region, the Waterloo Region District School Board, the Waterloo Catholic District School Board, and the University of Waterloo with generous funding from the [Sifton Family Foundation](#).

## Perfect Pitch

This fall WRFN had the opportunity to participate in Social Venture Partners' Perfect Pitch!

### What is Perfect Pitch?

Organized by SVP Waterloo Region, Perfect Pitch is a free non-profit communication workshop series where we, along with five other local charities, learned to share our organization's story and impact with power, passion, and clarity in three minutes. Over three 2-hour sessions, we learned about the elements of an effective pitch. Each organization was also paired with a team of dedicated coaches who offered individual coaching, practice opportunities, and feedback along the way. Perfect Pitch concluded with a public showcase of the pitches on November 13, where all charities presented their pitch to a live audience for a chance to win cash awards. We were so excited that our pitch was one of the Audience Choice Award winners!

Perfect Pitch was such a valuable experience! The workshops and our coaches challenged us to clearly define and communicate our uniqueness as an organization including our approach to supporting families. Getting up in front of a live audience to share our pitch stretched us out of our comfort zone and provided an incredible learning experience. We can't thank SVP enough for the opportunity to participate in this fantastic program. Thanks to Sherwood, you can [watch our live Perfect Pitch!](#)

## Reducing Holiday Stress

My name is Matthew Colombo and my dream is to be a Waterloo Regional Police Officer. I volunteer each week at Dog Guides Canada as a trainer and just graduated from the Community Ownership Program with Waterloo Regional Police and Inspector Goodman. I also volunteer at my school in the drama program and have volunteered with REACH For It! since it started. When I was asked to write this letter for other youth I was honoured to do so and to give advice to you and all children. I understand you, the holidays can be stressful for some children. Here are some ideas to reduce stress. You can...

- Decorate your room and home with things you love
- Bake cookies and decorate them
- See Santa when it's not so busy
- Do a holiday craft and have fun
- Listen to your music
- Draw ideas that make you happy
- Help a friend, teacher, family member and do something simple and small like holding open a door for them
- Smile at someone
- Go to a parade and find a spot just for you that's quiet and bring blankets
- Make lots of cards or a holiday card to make someone happy
- Watch an old movie you like
- Watch a holiday show

Matthew Colombo ; next letter to families and children coming soon. Smile and make your day!! Do good for others.

## **ENGAGEMENT OPPORTUNITIES**

### **Wilfrid Laurier University—Research Participants Needed**

#### ***Are you the mother of a child with a developmental disability?***

Hello. My name is Laura MacGregor and I am a doctoral student at Wilfrid Laurier University. I am completing a study of mothers who have a child with a developmental disability where the child's disability interferes with typical communication. My study focuses on how mothers experience interconnection with their child and how they describe this interconnection to others, particularly health professionals. In other words, I am interested in how mothers learn to "read" their children. I am asking mothers of a child of any age who has a developmental disability as well as a communication challenge to consider participating in my study. If you are interested I would love to hear from you via [macg4706@mylaurier.ca](mailto:macg4706@mylaurier.ca) or (519) 885-3467. This study has been reviewed and approved by the university ethics committee (REB #5750).

### **Consultation: Education in Ontario**

The Ministry of Education is inviting everyone – parents, students, educators and interested individuals or organizations – to provide feedback on the education system in Ontario.

The goal is to prepare Ontario students for success, improve their academic achievement and equip them with the tools needed to enter the working world.

**Consultation closing date: December 15, 2018**

## **KidsAbility Parent Advisory Committee**

KidsAbility is currently seeking more families for their Parent Advisory Committee (PAC). The Parent Advisory Committee solicits input from clients and families about various strategic and operational aspects of KidsAbility's work. These regular discussions help improve services by contributing to respectful, compassionate, culturally appropriate, and competent care that attempts to be as responsive to the needs, values, beliefs and preferences of clients and their family members as possible. If you are interested in learning more about this opportunity please contact Denise Watson at [dwatson@KidsAbility.ca](mailto:dwatson@KidsAbility.ca).

## **KidsAbility Program & Activity Guide Input**

KidsAbility wants to make sure that the information they collect about inclusive and adapted recreation programs is easily accessible to everyone. Please take a few minutes to complete this short survey to share your thoughts on KidsAbility's Program and Activity Guide and how they can better share information about upcoming programs, services and accessible activities in our community.
