

Polar Bear Chase Game

Set Up:

Cut out the “Polar Bear Chase” game cards. There are two of every picture and some blank cards for you to make your own cards.

Chase the Polar Bears!

1. Shuffle the cards and deal one at a time face down to each player until there are no cards left. It’s okay if players have different numbers of cards.
2. The youngest person starts first by turning their top card up and placing in the centre of the table. The player on their left goes next, so everyone has a turn.
3. The Chase! The purpose of the game is to collect all the cards in the deck. To do this, whenever a Polar Bear Cub or Polar Bear Mama card is turned face up, the player who slaps their hand on the pile first gets to keep the pile. They put it at the bottom of their own pile. Now they’re closer to winning the game!
4. If a player runs out of cards, they can still play until the next Polar Bear card is turned over. If they miss the Chase, though, they’re out.
5. Continue playing until one player has all the cards. They become the Polar Chase Champion!

Try This:

- You can also use these cards to play a memory game. Put all the cards in rows, face down. Take turns turning over two cards at a time. If you find a pair, you keep the cards. Who collected the most matching pairs?
- What are some animals where you live? Make cards that show these animals. Play the matching game again, adding the animal cards you have made.

What You’ll Need:

game cards pages

safety scissors

polar bear mama
