

SUCCESSFUL HOUSING ELEMENTS
& DEVELOPMENTAL DISABILITIES

SHEDD Webinar Series Housing Design and Developmental Disabilities

WEBINAR 1 ▶

BUILDING OUR TOOL SHEDD

SAVE THE DATE ▶

NOVEMBER 19, 2021
12:00 to 1:30 pm EST

The purpose of this webinar is to introduce a housing design tool (The SHEDD tool) used to modify built environments for people with developmental disabilities, with a focus on behaviours that challenge.

We welcome self-advocates, families, housing planners and design practitioners, developmental services, community agencies, policymakers, students and other interested stakeholders to explore together how this tool can improve housing design. Webinars will include presentations and opportunities for audience questions.

YANI HAMDANI, PhD
Assistant Professor,
University of Toronto
Clinician-scientist, CAMH

ROBERT BALOGH, PhD
Associate Professor, Ontario
Tech University

KRISTIN DOBRANOWSKI, MHS
Graduate Thesis Coordinator
Ontario Tech University

JANE CASSON, MArch
SHEDD Project Coordinator,
Intern Architect
